Introduction

We take this opportunity to introduce ourselves as one of the few leading caterers of Karachi. We are a group of most professional and experienced individuals who have joined hands to bring you the experience in Catering & Decoration.

Our top management comprises of young energetic individuals who have been affiliated with the catering & hospitality industry for more than 45 years and who are the third generation in this service. They have been practically involved in the operations related to catering, event management, Sales & marketing and customer services and have to their credit successfully arranging numerous function of guest lists running in four figures and also a few in five figure.

Our operations force has also been exposed to high profile catering business for many years and is authentically personal & experts in what they do. Our Decoration, Crockery, Cutlery and other related items / accessories are top class and are being regularly upgraded. We even welcome our clients input in creating new concepts as per their desire.

We feel that our success is based on our outmost efforts in being different, more personal, authentic and almost perfect in what we do. We have tried hard to bring a professional touch to this business for giving a comfort level to our clients which has won us great appreciation for them.

We have a fully functional office, a purpose built Warehouse and kitchens of our own. *Darbar* is a registered / recognized / certified / trusted from all concern authorities / army masses / clubs / etc.
